

## The Ambassador Program

At Activate Global, we are passionately pursuing the fulfillment of the Great Commission among the unreached. We love involving everyday people in this mission through our Ambassador Program! In this program, participants go through a 12-week training and launch process with a small group of others. Long-term, participants will step into the role of being an Activate Ambassador in their community, will join monthly connection calls with the other ambassadors and join an annual gathering for further equipping and connection to the mission!

*You will be equipped to:*

**Know and share God's heart for the world.**

**Be a disciple-maker right where you are.**

**Invite others to join the mission.**

Ambassadors serve as Activate Global advocates by sharing the mission, inviting others' involvement and offering personal skills and vision to grow the ministry of fulfilling the Great Commission.
